ABOUT ME

Hi, I'm Glenn and I'm passionate about all things JavaScript. I work hard and I genuinely love to learn. I'm currently looking for the right opportunity to work in an environment that will help me progress into a full-stack role.

WEB DEVELOPMENT EXPERIENCE

- Built a modern React portfolio website with TypeScript and TailwindCSS.
- Developed a front end version of Google using JavaScript, HTML, CSS, and ReactJS. Utilized i18next to implement multi-language support, and Axios with JSON server to provide user creation, edition, and deletion through Axios HTTP methods.
- Building a React app with TypeScript that utilizes the Three.js library for 3D rendering, JSON Web Tokens (JWT) for user authentication, React Stripe for Stripe payment integration, and MongoDB for the backend.

EDUCATION

Hudson Valley Community College, NY, United States

2015 - 2017

Completed 32 credits towards an Associate in Arts in Liberal Arts - Humanities and Social Sciences.

LANGUAGES

Spanish (Elementary)
English (Native)
